Commerzbank now with Apple Pay

- Easy, secure and private way to pay
- Contact-free purchase with Face ID or Touch ID

Commerzbank AG now offers its customers Apple Pay. Apple Pay enables easy, secure and private payments with iPhone, Apple Watch, iPad, and Mac. Customers can make fast and convenient purchases in stores, in apps and on websites.

"We want to make life easier and faster for our customers in terms of finance and the launch of Apple Pay is a key building block. This makes digitisation a positive experience in everyday life," said Uli Coenen, Head of Division at Commerzbank, responsible for Marketing and Digital Banking in the private and small business customer segment.

Security and privacy are at the core of Apple Pay. The actual card number of credit or debit cards used are not stored on the device, nor on Apple servers.

Apple Pay is easy to set up and users will continue to receive all the rewards and benefits offered by their Master or Visa credit and debit cards.

With iPhone and Apple Watch, customers can pay with Apple Pay in shops, restaurants, taxis, vending machines and many more places. When shopping on the web in Safari with Apple Pay, there's no need to manually fill out lengthy account forms or repeatedly type in shipping and billing information. Every Apple Pay purchase is authenticated with just a glance or touch with Face ID or Touch ID, or a device's passcode.

About Commerzbank

Commerzbank is a leading international commercial bank with branches and offices in nearly 50 countries. The Bank's two business segments – Private and Small-Business Customers and Corporate Clients – offer a comprehensive portfolio of financial services precisely tailored to their customers' needs. Commerzbank transacts approximately 30% of Germany's foreign trade and is the market leader in German corporate banking. The Bank offers its sector expertise to its corporate clients in Germany and abroad and is a leading provider of capital market products. Its subsidiaries, Comdirect in Germany and mBank in Poland, are two of the world's most innovative online banks. With approximately 800 branches going forward, Commerzbank has one of the densest branch networks in Germany. The Bank serves more than 11 million private and small-business customers nationwide and over 70,000 corporate clients, multinationals, financial service providers, and institutional clients worldwide. Its Polish subsidiary mBank S.A. has around 5.6 million private and corporate customers, predominantly in Poland, but also in the Czech Republic and Slovakia. In 2018, Commerzbank generated gross revenues of €8.6 billion with approximately 49,000 employees.
